

Life Is Cool

Sweetbox

I never really tried to be positive
I'm too damn busy being negative
So focused on what I get
I never understand what it means to live

You know we all love to just complain
But maybe we should try to rearrange
There's always someone who's got it worse than you

[Chorus]
My life is...
My life is so cool, my life is so cool
Oh yeah, from a different point of view
My life isâ?|
My life is so cool, my life is so cool
Oh yeah, from a different point of view

We're all so busy trying to get ahead
Got a pillow of fears when we go to bed
We're never satisfied
The grass is greener on the other side

So distracted with our jealousy
Forget it's in our hands to stop the agony
Will you ever be content on your side of the fence?

[Chorus]

Maybe you're the guy who needs a second chance
Maybe you're the girl who's never asked to dance
Maybe you're a lonely soul
A single mother scared and all alone

Gotta remember we live what we choose
It's not what you say, it's what you do
And the life you want is the life you have to make

[Chorus]
