

Tour de France

Sweetbox

I can't keep running in this race i'm fighting
for my space is my own tour de france
I can't keep running in this race i'm fighting
for my space is my own tour de france
I can't believe this is my fate
There must be some escape
every prison has a key
i know there is got be a way
to water down the flames
where i'll finally be free
I can't keep running in this race i'm fighting
for my space is my own tour de france
I can't keep running in this race i'm fighting
for my space is my own tour de france
My Sanity, it's like gravity
A cosmic change to my destruction
Inside I scream, but i can't break free
From the painful heat of my erruption
No no no...
I can't keep running in this race i'm fighting
for my space is my own tour de france
I can't keep running in this race i'm fighting
for my space is my own tour de france
fight fight fight fight fight fight fight fight
Can't believe this is my faith
There must be some escape
every prison has a key
i know there is got be a way
to water down the flames
where i'll finally be free
I can't keep running in this race i'm fighting
for my space is my own tour de france (6 times in
round)
