

## Como Se Dice

### Sweethearts Of The Rodeo

There's a full moon tonight casting it's light on this old bordertown

Making my tears shine like diamonds turning these streets into shadows of

Doubt

I left my lover to toss and to turn in his dreams

Help me amigo please what does this mean

Come se dice I love you en Espanol

Tonight when he's sleeping he's whispering Maria te amo

Does a sweet senorita with sleepy brown eyes

Dance in his dreams while he lays by my side

Come se dice I love you en Espanol

Please I am desperate to know does his face ever show on your side of town

And is he ever seen with a girl named Maria where can she be found

I have a picture of him right here in my hand help me amigo I don't

Understand

Come se dice I love you en Espanol...

Come se dice I love you en Espanol

Ay ay ay ay ay ay ay...
