

## Red Lips I Know

Swim Deep

You stop and ask why I look glum  
(I know, I know)  
You think am I bright or am I dumb  
(I know, I know)  
You see five letters in my eyes saying guess  
(what if I get it wrong?)  
One thing on my mind is happiness  
(ain't so wrong)

It's a hot winter and my mind's somewhere else  
Hot winter ey, hot winter ey

Pull the wool over my eyes  
(I know, I know)  
What do u see a ?comfy? mind is a ?comfy? side  
Just because my lips are stained with wine  
(what are you doing on your own?)  
Doesn't mean my smile is on time  
(stop waiting)

It's a hot winter and my mind's somewhere else  
Hot winter ey, hot winter ey
