

# The Sea

## Swim Deep

Go down to the sea  
And tell me what it is that you wanna be  
I said go, down to the sea  
and tell me what it is that you wanna be

Gonna' take this boat and drive it out into the sea  
Gonna' fly this plane so high that I won't know what's real  
Gonna' paint the sky so red that I won't wanna feel  
What my mama and my daddy said was real

'cause I can feel it, I can see it,  
yeah I wanna show anybody who wants to see it  
'cause I can feel it,  
and I won't be there to see

Got something, got something to say  
Got something, got something to say

Can you see it in your thoughts?  
Can you reach it does it make you wanna walk  
Can you taste it any feeling that you got  
Tell me something over nothing ain't so wrong

'cause I can feel it, I can see it,  
yeah I wanna show anybody who wants to see it  
'cause I can feel it,  
and I won't be there to see

What you, don't know  
is that I'm feeling strong  
I'll have my eyes set on you  
Forever

Got something, got something to say  
Got something, got something to say  
Got something, got something to say  
Got something, got something to say  
Got something if you only, only, only stay
