

## Up In The Stars

### Swimming with Dolphins

Look in these eyes  
We know each other like our own skin and bones  
We know the scars,  
How they got where they are, in places no one else knows.

If you call this love, then show me some feeling  
And if it all goes numb, just keep on breathing.

I'll watch you falling from me  
When you hit the ground, maybe you'll see  
The only way to fall is down  
I'll be up in the stars  
But I'll be anywhere you are  
Just say you need me and I'll come down

We'll never know,  
We'll never ever know  
If you just let it go

If it comes undone, then tie up your loose ends.  
When the colors run, then all of the shapes blend.  
Oh, you know there's still a ways to go,  
So don't start retreating  
No, you just gotta take it slow  
When you're lost and all out of breath just call  
And I'll come running baby

I'll watch you falling from me  
When you hit the ground maybe you'll see  
The only way to fall is down  
And I'll be up in the stars  
But I'll be anywhere you are  
Just say you need me and I'll come down

The days go by...
