And I'm feeling like I'm moving I am flying, tonight I am sliding, I am gliding, And I'm feeling all right Won't she wise up, Stop going out and in? Won't she wise up, Stop going out and in? Keep a line for you Keep a line for you What a way A little fly Can land on everything Dirty ways, Sick and small He is the insect king And I'm feeling like I'm moving I am flying, tonight I am sliding, I am gliding And I'm feeling all right Won't she wise up, Stop going out and in? Won't she wise up, Stop going out and in? Won't she wise up, Stop going out and in? Won't she wise up, Stop going out and in?
