

## Nightshift

## Switchblade Symphony

Only at night time I see you  
In darkness I feel you  
A bride by my side  
I'm inside many brides  
Sometimes I wonder

What goes on in your mind  
Always silent and kind  
unlike the others

Fuck the mothers kill the others  
Fuck the others kill the mothers  
I'll put it out of my mind because I'm out of my mind  
with you  
In heaven and hell with you

My night shift sisters  
Await your nightly visitor  
They don't bother me no  
No they don't bother me

The cold marble slab  
Submits at my feet  
With a neat dissection  
Looking so sweet to me, please come to me

With your cold flesh, my cold love  
Hissing, not kissing  
A happy go lucky chap  
Always dressed in black  
He'll come to you, he'll come to you

My night shift sisters  
With your nightly visitor  
A new vocation in life  
My love with a knife

Fuck the mothers kill the others  
Fuck the others kill the mothers  
I'll put it out of my mind because I'm out of my mind  
with you  
in heaven and hell with you
