

Waiting Room

Switchblade Symphony

Oh, no
This is a sleazy place
Where people go to be disgraced
Yes, this is a sleazy place
You don't belong round here

No, you must wait
No, you must wait

Hey baby, what do ya think
Can I buy you something to drink
I don't think that I've seen you
'Round here before

They'll take away your fantasies
They'll suck your blood and break your knees

Yes, they'll smile
Yes, they'll sing
Yes, they'll do
Anything

Will you, will you give in
Will you give in
Will you, will you give in
Will you give in
Will you, will you give in
Will you give in
Will you, will you give in
Will you give in

No, you must wait
No, you must wait
No, you must wait
No, you must wait

Hold tight, there are no clocks inside
Something's wrong, it feels so strange tonight
Don't you worry, someday you'll get out

You'll get out
You'll get out
You'll get out
You'll get out
