

## Testify

### Switches

I really like to see ya, wouldn't wanna be ya  
Your picture in my wallet was there before I bought it  
Monday slipped inside my world  
Stay close to me, sporadically  
I was selling my thoughts to the night  
I don't care what you say 'cus I won't testify my love  
I don't care what you do 'cus I won't testify my love  
Even though I know ya, I wouldn't wanna show ya  
Take away my heart again, leave me with a cold brain  
Tuesday slipped inside my world  
Depression on me, consecutively  
I was selling my thoughts to the night  
I don't care what you say 'cus I won't testify my love  
I don't care what you do 'cus I won't testify my love  
Yeah, 'cus I don't wanna testify, testify  
So I'm not gonna testify, testify  
I'm too high to testify, testify, testify-hi
