

# Burn Out Bright

Switchfoot

Does it have to start with a broken heart  
Broken dreams and bleeding parts  
We were young and world was clear  
Young ambition disappears  
I swore it would never come to this  
The average, the obvious

I'm still discontented down here  
I'm so discontented

If we only got one try  
If we only got one life  
If time was never on our side  
Before I die I want to burn out bright

So a spark ignites  
In time and space  
To make it through this human race  
You fight and crawl your way back home  
But you're running the wrong way

The future is a question mark  
With kerosene electric sparks  
There's still fire in you yet  
Yeah there's still fire in you

If we only got one try  
If we've only got one life  
If time was never on our side  
Before I die I want to burn out bright

I can't clean up the mess I've made  
I can't clean up the mess I've made

I can't sleep in the bed I've made  
I can't sleep in the bed I've made

If we only got one try  
If we only got one life  
If time was never on our side  
But before I die I wanna burn out  
Before I die I wanna burn out  
Before I die I wanna burn out  
Before I die I wanna burn out bright

If time was never on our side  
But before i die i wanna burn out bright
