

C'mon C'mon

Switchfoot

You've been living life like it's a sequel
and your already bored with the plot
as if the cast and the score
are more money than before
But the script and the backdrop are stock

We've got the rest of our lives to regret
All the words that were said here tonight
but i bet that the morning, in the morning
You'll find us in bloom

So C'mon C'mon C'mon
Let's not be our parents
Oh C'mon C'mon C'mon
Let's follow this trough
Oh C'mon C'mon C'mon
Everything's waiting

We will rise with the wings of the dawn
When everythings new (2x)

Ever size up with summer sun?
Let these songs awaken the dawn
Let us beathe every breath
like a breath to be kept
Let us breathe it all in till it's gone

We've got the rest of our lives to live out
All these dreams we stay up tonight talking about
In the morning, start hoping, to not be too soon

So C'mon C'mon C'mon
Let's abandon this darkness
Oh C'mon C'mon C'mon
Let's follow this through
Yeah so C'mon C'mon C'mon
Everything's waiting
We will live like fire and gold
when everything's new (8x)
