## Chem 6A

Switchfoot

Nothing but a chemical in my head It's nothing but laziness Cause I don't wanna read the book I'll watch the movie Cause it's not me I'm just like everybody else my age

I think I'd rather play around And I think I'd rather watch TV Cause I don't wanna face my fears I'll watch the movie Cause it's not me I'm just like everybody else I'm just like everybody else

Because I don't wanna be here I don't wanna see this now It's all wrong but it's alright And I don't wanna be here And I don't wanna study now It's all wrong but it's alright

I don't know what love is I don't know who I am And if I ever want to find out I'll watch the movie Cause it's not me I'm just like everybody else my age

I don't wanna change the world And I don't wanna be someone I don't wanna write the book I'll make the movie Cause it's not me I'm just like everybody else I'm just like everybody else

I don't wanna be here I don't wanna see this now It's all wrong but it's alright And I don't wanna be here And I don't wanna study now It's all wrong but it's alright
