

# Red Eyes

Switchfoot

What are you waiting for, the day is gone?  
I said I'm waiting for dawn  
What are you aiming for out here alone?  
I said I'm aiming for home

Holding on  
Holding on

With red eyes what are you looking for?  
With red eyes, red eyes

All of my days are spent within this skin  
Within this cage that I'm in  
Nowhere feels safe to me, nowhere feels home  
Even in crowds I'm alone

Holding on  
Holding on

Every now and then I see you dreaming  
Every now and then I see you cry  
Every now and then I see you reaching  
Reaching for the other side  
What are you waiting for?
