

My words come out like an avalanche in silence  
And you've got oceans trapped in your eyelids  
They tell me that no man is an island  
But it feels like it's a storm that I've been fighting

And I used to listen to the radio  
But I've got an army of voices in my head  
Voices in my head  
And we used to live in stereo  
But I've got an army of voices in my head  
Voices in my head

How come the friends and the foes invisible  
Are the ones that made my soul most miserable?  
Head's reeling from the feeling  
In my mind but I feel it in the physical  
Why's the sunlight hiding?  
Ain't letting any light in  
It's a storm that I've been fighting

And I used to listen to the radio  
But I've got an army of voices in my head  
Voices in my head  
And we used to live in stereo  
But I've got an army of voices in my head  
Voices in my head

And they're singing  
I got voices, I got voices  
Oh, oh, oh, oh, oh, oh  
Yeah, I got voices, I got voices  
Oh, oh, oh, oh, oh, oh

Every moment crowded with choices  
Speak to me and drown out the voices

And I used to listen to the radio  
But I've got an army of voices in my head  
Voices in my head (voices in my head)  
And we used to live in stereo  
But I've got an army of voices in my head  
Voices in my head  
Voices!
