Man you know I got beats  
You know I got soul  
A microphone theme  
I'm from the ghetto

Follow the leaders ... men got poor  
Since 98 shit I've been paying for  
Started with a double loss .. the double loss  
..for president thinking of a master plan  
And everywhere I get them I let the rhythm hit them  
I ain't no joke boy you all niggers kill  
All my number ones been great long runs  
I don't fear nobody competition is none  
That I've been known for the lyrics of fear  
I've been known for the .. and cheery  
The diamonds in my watch worth more than ..  
No judge no jury  
Can' say  
Threat the rap game  
Like the crack game  
Cause that's a rule  
Nowadays move house like .. movement  
Being nice on a mike says ...  
Me and my team hit the scene  
Something popping  
Show me love in a club in a ..  
Since young I've been blinked with diamonds

Black paparazzi stay under the radar  
Still caught me when I come to pay you  
...said It's show time

Chorus  
I said one two  
I said didn't you get the message  
Hip hop is back  
We don't know how to act  
Tell the DJ to bring us back
