

## Blackout

## Swollen Members

(Let's go)

Prevail, the merciless mercenaries of militants  
No resemblance to any other assembly's heritage  
Despair will be the downfall of arrogance  
Repairs will be necessary too much heavy damage  
Counter intelligence  
Spy craft flys past keys the aviator  
Recessitation, reincarnation, I'm the reanimator  
Greater mind power than einstein  
Genius and insanity we walkin a fine line  
Talk about prime time exposure, face remains poker  
Overload the road to stardom like exploding supernovas  
Maintain composure  
Where theres ability, violotent turbulence  
You hear the voice of a surgeon and wake up in an ambulance (wh  
at the fuck!?)  
Youre out of your element, a graveyard of skeletons  
Elephants in a caravan cross the mountain like hannibal  
Lite the firin wicks, make the air thick with cannon balls  
Nothing that I cant resolve  
Chemicals meant to dissolve

(Let's go)

Greed, pain, and torture  
Lock this in my room, I'm an insane sorceror  
(you're mad)  
What I'm sayin, shanes forcefull  
You dont wanna fuck with a vane cane corso  
War mask on a chosen path  
You dont wanna laugh at this sociopath  
Dont try to act hardcore, you staysoft  
An unchained pitbull will rip your face off  
Backpack with an axe and a chainsaw  
Madchilde's back im'a grab what I came for  
Masked bandit, skins been branded  
Smoke clears I'm the last man standin  
God blessed me with a gift, I'm so gratefull  
Bent out of shape but I still stay faithful  
Purified poison, strength of gorilla  
Meantally killah, meant to be illah  
(Let's go)
