

One Way Trip

Sworn Enemy

No matter how hard we try we all fall down
This time I'll take my changes
I've got to fight for mine
These lessons I needed to learn that
All knowledge comes with time

No matter how hard we try we all fall down
No matter how hard we try sometimes our feet can't touch the ground

Always a constant battle to make sure my voice is heard
I'll continue to live out my dream
Passing onto the next my word

Ready to take by force
No matter what's my course
I'm on a one way trip to the end
One way trip
Ready to take by force
No matter what's my course
I'm on a one way trip to the end
One way trip to the end

Never let no one walk all over me
Never let my feelings subside
Be careful not to let my guard down
Two faces come in any disguise

No matter how hard we try we all fall down
No matter how hard we try sometimes our feet can't touch the ground

Always a constant battle to make sure my voice is heard
I'll continue to live out my dream
Passing onto the next my word

Ready to take by force
No matter what's my course
I'm on a one way trip to the end
One way trip
Ready to take by force
No matter what's my course
I'm on a one way trip to the end
One way trip to the end

Won't let it end
