

## Return (Heartless)

Sworn In

I've died and I've been dead for some time  
Built my own cage and left here to cry  
Cry for help but nobody can hear  
Fallen on deaf ears  
Withering away with no soul to sell  
I'll burn in hell  
I'll burn in hell  
I'll burn in hell  
This is the end of me  
And all I've fucking learned is  
We are all alone at heart  
And we are meant to be this way from the start  
Well here I am alone at heart  
A man who sold his fucking life to the dark
