

The Deviant

Sworn In

Fuck you, if you think that you can take this away
And take the whole entire world with you while you run
astray.

There's no way, there's no way you'll take this away
Don't even act like you are innocent while you spit in
my face

I heard somewhere,
Heard somewhere, that we all die alone, but
You'll find yourself alone before you even die
Don't even try this shit

I've heard these words a thousand times too much
Fuck I can't believe what you're doing to me
It's never been this easy, now I'm thinking freely
If you think for a second that I'm changing my mind,
then you're solely mistaken

I'd be committing a crime
I'm not giving in,
I'm not giving up, but I think I've had enough
I'm not giving it all or changing there's no second
chances

I've heard these fucking words a thousand times too
much

And I won't take one more
There's no room for second chances
You've drifted so far that I'm not quite sure that
you're ever coming back
After everything that we've been through
You should've known better than to deviate away from
something true

There's no room for second chances
After everything we've been through
There's no room for second chances
Time to face the truth
There's no room for second chances
After everything we've been through
There's no room for second chances
Time to face the truth

Oh deviant, as you hide behind your mask of fear
I'm slowly waiting for this fucked up world to
disappear

Oh deviant, I hope you will one day see
I'd rather die before I let you get the best of me
I heard somewhere,
Heard somewhere, that we all die alone, but
You'll find yourself alone before you even die
Don't even try this shit
I've heard these words a thousand times too much
