## **Right Here**

Lately there seems to be Some insecurities About the way I feel Where I wanna be Boy, you know is with you No one can do The things you do To me

Never to be mistaken Long as it's love we're making There's gonna be some rain Gonna beat the pain But as long as I know Boy, time will show Our love will grow And I know

Love will be right here Be right here Right here Be right here No fear Have no fear No tears Love is here

True love some don't believe in That's just what I'm givin' I'm gonna keep it strong I'll be holdin' on To you No one can do Me like you do It's true

Sure as the sun is shining Our love will keep on climbing There's gonna be some rain Gonna beat the pain But as long as I know Boy, time will show Our love will grow And I know
