Soul Intact (Interlude)

SWV

```
Keep your soul intact
Don't let nothing hold you back
Keep your soul intact
Keep your soul intact
Don't let nothing hold you back
Keep your soul, intact

Don't let nothing hold you back
Keep your head up towards the sky
It's gonna be ruff, you can't give up
Hold on (hold on)

Unity that's what we need
Unity that's what we need
```
