

That's What I'm Here For

SWV

I wanna be there for you
Will you be there for me?
That's what I'm here for
That's what I live for

That's what I give for
I wanna be there for you
Will you be there for me, for me?

You should know by now how I feel
That my love is real
Feels secure knowing
You've got my heart in a way

I can never stray
But now people talk
They say our love won't last
They say my love for you
Soon it will pass

You can rest a sure
I will never leave
You're all the man that I need
I hope you see

That's what I'm here for
Giving you all of my love
That's what I live for
To be the only one you dream of

That's what I give for
All that I have
I wanna be there for you
Will you be there for me, for me?

I'll be here to give you what you need
You can count on me, baby
Feels secure knowing
You've got my heart in a way

I can never stray
But still people talk
They say our love won't last
They say my love for you
Soon it will pass

But you can rest a sure
I will never leave
You're all the man that I need
You can believe

That's what I'm here for
Giving you all of my love
That's what I live for
To be the only one you dream of

That's what I give for

All that I have
I wanna be there for you
Will you be there for me, for me?

That's what, that's what
That's what, that's what
That's what, that's what
I wanna be there for you
Will you be there for me, for me?

Ya so moist
Plus you got the platinum voice
And you fine smelling like 360 Divine
You blow my mind away
Tonight and forever like diamonds all right

We tight like that, stress time for chillin'
Times is short, good and part
Because you know you're my dime, the top illin'
They jealous 'cause me you style's killin'
Ain't nothin' happenin' with that breakdown talk

We can walk the walk and keep it real
Like New York I'm sold up, you word up, uh
If we just show 'em I'll blow 'em twice
And we'll just keep flowin' like Chardone'

On ice as we lounge in the crib and parle'
You know what I mean
Not to mention your lover supreme
Move's truly with throughout the evening
I'm here no question as long as I'm peepin' Ill town

That's what I'm here for
Giving you all of my love
That's what I live for
To be the only one you dream of

That's what I give for
All that I have
I wanna be there for you
Will you be there for me, for me?
That's what I'm here for
