

# What's It Gonna Be

SWV

What's it gonna be?  
Is it gonna be you  
And me?  
What's it gonna be?  
Is it gonna be you-oooh  
And me? Babe...

Wasn't it you  
Who said  
We'd be together always?  
I think I've been  
Mislead  
It took a while to see  
But now  
One of us has to go (ah... doo)  
You can't love two  
No  
Tell me

What made you think  
That you  
Could keep me hanging on a string?  
If you can't make up your mind  
I'll bow out gracefully, yeah  
But one of us has to go (ah... doo)  
You can't love two  
No, no, no, oh

What's it gonna be?  
I hope you can see  
It's gotta be you and me  
Baby (ah... doo, ooh)  
Tell me...

What will you do  
Baby, will you come through?  
My heart's on the line  
Baby, don't waste my time

Somebody's gonna win  
Somebody's gonna lose  
But you've got to choose, boy  
Say it will be  
You and me, baby
