

Where Is The Love

SWV

(Where is the love)
Where
(That you promised me)
That you promised me
(Or are those days and the nights that we spent just a fantasy)

Just a fantasy
(Where is the love)
Where is the love
(That you said we would share)
(Why did I wake up this morning to find that you were not there
)

You picked a fine time to tell me that you did not love me
(You did not love me baby)
And after all this time I thought that you were only thinkin' o
f me
Sometimes I feel like I could sit right down and just (cry)
But all that I can do tonight is wonder as I ask myself why
(Where is the love)
Where is the love hey hoey hey
