

## Where Is The Love

SWV

(Where is the love)  
Where  
(That you promised me)  
That you promised me  
(Or are those days and the nights that we spent just a fantasy)

Just a fantasy  
(Where is the love)  
Where is the love  
(That you said we would share)  
(Why did I wake up this morning to find that you were not there  
)

You picked a fine time to tell me that you did not love me  
(You did not love me baby)  
And after all this time I thought that you were only thinkin' o  
f me  
Sometimes I feel like I could sit right down and just (cry)  
But all that I can do tonight is wonder as I ask myself why  
(Where is the love)  
Where is the love hey hoey hey
