

## Two Of A Kind

Syd Barrett

Open your eyes and don't be blind  
can't you see we're two of a kind?  
I've got to say this, I hope you don't mind  
I love you, we're two of a kind

Just ask yourself and you will find  
we go together, we're two of a kind  
no use protesting, be resigned  
baby you know, we're two of a kind

I knew it when I saw you  
I felt it a little more when  
I talked with you at first  
all my blues dispersed  
I couldn't disguise  
my complete surprise  
when you were feeling it too  
I'm in love with you, I'm in love with you...

Open your eyes and don't be blind  
can't you see we're two of a kind?  
I've got to say this, I hope you don't mind  
I love you, we're two of a kind
