Wined and Dined

Syd Barrett

Wined and dined Oh it seemed just like a dream Girl was so kind Kind of love I'd never seen

Only last summer, it's not so long ago Just last summer, now musk winds blow

Wined and dined Oh it seemed just like a dream Girl was so kind Kind of love I'd never seen

Only last summer, it's not so long ago Just last summer, now musk winds blow

Wined and dined Oh it seemed just like a dream Girl was so kind Kind of love I'd never seen

Chalk underfoot, life I should prove Dancing in heat, our love and you

Wined and dined Oh it seemed just like a dream Girl was so kind Kind of love I'd never seen
