

After All These Years

Syd Matters

After all these years by your side
I never wanted (?any mutation?)
As long as your ok i'll be safe and sound
(?Remainnig inside?) hmmmm hmmm

After all these years i still fight
But i never needed any protection
If i'm allowed to play I won't ask for more
As you leave could you lock the door

After all these years by your side
I never wanted (?any mutation?)
As long as your ok i'll be safe and sound
(?Remainnig inside?) hmmmm hmmm

After all these years i still hide
But i never want any special treatment
But i'm sure i will need all your attention
Today i'm gonna get up from my bed... from my bed, from my bed!
