

Big Moon

Syd Matters

Saw you
Light in the dark ways
Big Moon
Big Moon

Spotlight in the distance
Big Moon
Big Moon
Lift me up

Been through
Hate and redemption
Big Moon
Big Moon

Look up
There'll be a connection
Real soon
Real soon
Lift me up

Hey! What's the price?
Hey! How surprised?
With my hands and my eyes
I see nothing

Rain! What's the price?
Stoneclouds! How surprised?
With you hands and my eyes
I see a lightning

So bored
Playing the victim
Big Moon
Big Moon

I'm so tired
Living for nothing
Big Moon
Big Moon

Hey Sister I wanna climb
But the walls are so terribly high
I'll never make it

Hey Sister I wanna come home
But the roads are so terribly long
But I'll never give up
