

# Big Moon

Syd Matters

Saw you  
Light in the dark ways  
Big Moon  
Big Moon

Spotlight in the distance  
Big Moon  
Big Moon  
Lift me up

Been through  
Hate and redemption  
Big Moon  
Big Moon

Look up  
There'll be a connection  
Real soon  
Real soon  
Lift me up

Hey! What's the price?  
Hey! How surprised?  
With my hands and my eyes  
I see nothing

Rain! What's the price?  
Stoneclouds! How surprised?  
With you hands and my eyes  
I see a lightning

So bored  
Playing the victim  
Big Moon  
Big Moon

I'm so tired  
Living for nothing  
Big Moon  
Big Moon

Hey Sister I wanna climb  
But the walls are so terribly high  
I'll never make it

Hey Sister I wanna come home  
But the roads are so terribly long  
But I'll never give up
