

Have A Nice Day

Syd Matters

Have a nice day (2x)
Goes on on your way
Down in the air

Have a nice day
Goes on on your way
Down in the air

There's a cycle/circle on the road again
Get out of my way
Have a nice day

There's a cycle/circle on the road again
There's a cycle/circle in my road again

What's the stereo for
When I have no more
Ears to hear the shore
All the shares you
All the way you talk loud
Remember his name
I have seen this man
Drowning circle frames down

He will never come back
'Coz he bear off out

And there's a cycle/circle in/on my road again (4x)
