

## Two-Timer

Sylar

I'm still here  
(I'm still here)

I'm still here  
I'm still here  
I'm still here  
& I never left

what, what

& just for once stab my chest & not my back  
I've been dragged through the dirt and I made it back  
So just for once stab my chest & not my fucking back  
I've been dragged through the dirt and I made it back

Just come & show your face at least from time to time  
I've been here standing & I never left.  
just come & show your face at least from time to time  
I've been here standing & I never left  
Never left

[Chorus]  
So now you know  
The meaning of being selfish  
Do you feel like you're alive  
& now you breathe on top of the world  
Not even looking back

& just for once stab my chest & not my back  
I've been dragged through the dirt and I made it back  
So just for once stab my chest & not my fucking back  
I've been dragged through the dirt and I made it back  
Just come & show your face at least from time to time  
I've been here standing & I never left.  
just come & show your face at least from time to time  
I've been here standing & I never left  
Never left

[Chorus]  
So now you know  
The meaning of being selfish  
Do you feel like you're alive  
& now you breathe on top of the world  
Not even looking back

I was always there  
Always there  
From the fucking start  
I was always there  
I was always there  
Always there  
Through the good and bad  
But you just decided to go ahead  
and throw it all away  
tell me why  
tell me why  
you just decided to go ahead

and throw it all away  
tell me why  
tell me why

what the fuck  
yeah  
what, what
