Ain't No Love

Syleena Johnson

I don't know what you've been told, baby But, there's definitely something wrong with you. This shit is getting kinda old baby, staying out all night and acting like a fool.

You don't come home at night. All we do is fuss and fight. Steadily, hangin' with the boys When I'm the only one employed Can't buy me diamond rings. Can't buy a damn thing Pager beeping nine one one I thought I was the only one.

Ain't no love, ain't no joy Ain't no times left to enjoy Ain't no love, ain't even no lust Ain't no kindness baby, ain't no trust.

Lately, you been kinda bold, darlin' Getting pages and calls all night through I guess it's time for me to fold darlin' 'Cause there's nothing left to hold on to Ain't no love.

Ain't no love, ain't no joy. Ain't no times left to enjoy Ain't no love, ain't no lust Ain't no kindness, ain't no trust.

Through all the pain that you caused me I was there, I was ther e. Through all the times, that you didn't see, I was there, I was there. Through all the gambling debts you had, I was there, I was ther e Now I'm gone and it's too bad I was there, I was there.
