

# God's Mistake

Sylver

You took me here  
A world of fear  
I can feel myself fading away  
I won't waste another day

You took me here  
The end is near  
All is said and done  
Our conscience is clear  
I won't miss you when I'm gone

Goodbye to you  
Goodbye to everything you do  
Needless to say  
You're just one of God's mistakes

Goodbye to you  
Goodbye to everything you do  
Needless to say  
You're just one of God's mistakes

You're not so strong  
The same old song  
It's sad to see you dance around the truth  
I'm not the little girl you knew

You're not so strong  
I'll carry on  
Love can make a fool of anyone  
I won't miss you when I'm gone

Goodbye to you  
Goodbye to everything you do  
Needless to say  
You're just one of God's mistakes

Goodbye to you  
Goodbye to you  
Goodbye to you  
Goodbye, goodbye, goodbye

Goodbye to you  
Goodbye to you  
Goodbye to you  
Goodbye, goodbye, goodbye

Goodbye to you  
Goodbye to everything you do  
Needless to say  
You're just one of God's mistakes

Goodbye to you  
Goodbye to everything you do  
Needless to say  
You're just one of God's mistakes
