

# How Could I Be so Wrong

Sylver

Take a chance you said  
I'm sure you won't regret, oh no  
Take my hand you said  
Heaven's closer than you know

The wind beneath my wings  
My cure for everything  
Only if you could sing  
No good for anything

How could I be so wrong  
Tell me how could I be so wrong  
I thought you were the theme of my song  
Tell me how could I be so wrong

How could I be so wrong  
Tell me how could I be so wrong  
I thought you were the theme of my song  
Tell me how could I be so wrong

How could I be so wrong  
Tell me how could I be so wrong  
I thought you were the theme of my song  
Tell me how could I be so wrong

Take a chance you said  
I'm sure you won't regret, oh no  
Take my hand you said  
Heaven's closer than you know

The wind beneath my wings  
My cure for everything  
Only if you could sing  
No good for anything

How could I be so wrong  
Tell me how could I be so wrong  
I thought you were the theme of my song  
Tell me how could I be so wrong

How could I be so wrong  
Tell me how could I be so wrong  
I thought you were the theme of my song  
Tell me how could I be so wrong

How could I be so wrong  
Tell me how could I be so wrong  
I wish we had some minute of our song  
How could I be so wrong

How could I be so wrong  
Tell me how could I be so wrong  
I thought you were the theme of my song  
Tell me how could I be so wrong

How could I be so wrong
