

# One World One Dream

Sylver

Do you believe in a world  
Where we can achieve  
The same goal, the same dream  
We know we can succeed

Something inside so strong  
I know you got the heart  
Something inside so strong  
The heart to carry on

One world, one dream  
Where everybody's free  
One heart, one team  
A world for you and me

One world, one dream  
Where everybody's free  
One heart, one team  
A world for you and me

One world, one dream

One world, one dream

Do you believe in yourself  
You know you achieve  
Your goal, your dream  
Anything you want to be

Something inside so strong  
I know you got the heart  
Something inside so strong  
The heart to carry on

One world, one dream  
Where everybody's free  
One heart, one team  
A world for you and me

One world, one dream

One world, one dream

In a piecend harmony  
A better world for you and me  
In a piecend harmony  
A better world for you and me

One world, one dream

One world, one dream  
Where everybody's free  
One heart, one team  
A world for you and me

One world, one dream  
Where everybody's free

One heart, one team  
A world for you and me
