

Cry on My Shoulder

Symphorce

When the clouds and tears in my eyes
Turn to light as you look to the sky
Again this feeling grows deep in my heart
We're four of a kind
we'd never grow apart
Why do I hold you
How do I feel you

Cry on my Shoulder
Whenever you appear
Cry on my Shoulder
I swear I'll always be here
Cry on my Shoulder
In these frozen night
Cry on my Shoulder
I'll take off the sand in your eyes

Forever so close, a heart-beat away
In my arms you feel warm and I'm searching words to say
I can't wait to feel and wait for my chance
To open my arms and hold you again
Why do I love you
How do I Care

Cry on my Shoulder
Whenever you appear
Cry on my Shoulder
I swear I'll always be here
Cry on my Shoulder
In these frozen night
Cry on my Shoulder
I'll take off the sand in your eyes
