

Crack Dreams

sZa

I'd rather die than, be your slave
Slit my wrist wide and take this stage
Wipe blood out my eyes and
You just lay, there
You think I'm crazy... I am

I love you like I love crack-crack (I do)
I love you like I like to get high (I do)
I love you like I love crack-crack (I do)
I love you like I like to get high

I'm just a unicorn
Come catch me
Strip me in chains until I bleed
You know I like it
Thats why should I stay here
Why should I fight it?
I won't, I won't

I love you like I love crack-crack (I do)
I love you like I like to get high (I do)
I love you like I love crack-crack (I do)
I love you like I like to get high

Chosen from a small town
Lookin for some action
Thought I could [?]
But I can't
I just crave the pain boy
I just love the thrill

I love you like I love crack-crack (I do)
I love you like I like to get high (I do)
I love you like I love crack-crack (I do)
I love you like I like to get high

I'd do for you
Anything
I'd do anything
