sZa

Fearin' not growin' up
Keepin' me up at night
Am I doin' enough?
Feel like I'm wastin' time

Promise to get a little
Better as I get older
And you're so patient
And sick of waitin'
Promise to do better
Shoulda coulda
Prolly wanna let me go
But you can't, oh
Right now I feel it pourin'
I need a little bit
Just a little bit
Just a little bit
Right now I feel it pourin'
I need a little bit
Just a little bit
Just a little bit

Please don't take it, don't take it personal
Like I know you usually do
Please don't take it, don't take it personal
Like I know you usually do
Please, please
Don't take it personal
Don't take it personal
Darling, like I know you will

Forget to call your mama on the weekend
You should put yourself in time out
Shame, shame on you
But lately you've been feelin' so good
I forget my future, never pull out
Shame, shame on me
Baby the money'll make it easier for me
To run and hide out somewhere
So far away
Hoppin' through poppy fields
Dodgin' evil witches
These houses keep droppin' everywhere

Promise to get a little
Better as I get older
And you're so patient
And sick of waitin'
Promise to do better
Shoulda coulda
Prolly wanna let me go
But you can't, oh
Right now I feel it pourin'
I need a little bit
Just a little bit
Just a little bit
Right now it's really pourin'

I need a little bit
Just a little bit
Just a little bit

Please don't take it, don't take it personal
Like I know you usually do
Please don't take it, take it personal
Like I know you usually do

Like winters fall on us, heavy
Take it off me [?]
I can't stand this
Snow is falling all on me
