

## Teen Spirit

sZa

Ice under my heels, I hear it breaking  
Under my heels, I hear it cracking  
Foolish of me to think I had it  
Emmanuel, how foolish of me!  
To think I had it..  
I hear your voice behind me  
Moving up my neck  
I hear you talking  
Creeping on my shoulder  
I hear you breathing  
In my head I hear you screaming  
Just do it..

Yeah yeah, I feel you talking  
Yeah yeah I feel you moving  
Yeah yeah let's do it already  
Yeah yeah..

Chipping away at boulders  
I conquer fire  
40 days 40 nights  
No New Star  
Fuck your Third Eye!  
I be the One  
Neo of the Sun  
Give me simplicity  
To lonely seems like real fun  
I feel you  
Creeping up my leg I hear you talking  
Moving on my shoulder I hear you breathing  
In my head I hear you screaming  
Just do it

Don't come close  
Don't come close  
You don't even know me, know me  
Don't come close  
Don't come close

You don't even know me  
You think you know me  
Yeah yeah, I feel ya talking  
Yeah yeah, I feel ya moving  
Lets do it already  
Mnhmm yeah yeah  
Yeah yeah, I feel ya talking  
Yeah yeah, I feel ya moving  
Lets do it already  
Mnhmm, yeah yeah

Dont come close  
Dont come close  
You dont even know me, know  
Come close  
Dont come close  
You dont even know me  
You think you know me, yeah

You dont even know me  
You think you know me, yeah  
You dont even know me, know me  
You think you know me  
Yeah yeah  
Yeah yeah  
Yeah yeah  
Aww yeah
