

First Love

T-ARA

My love that I can't forget even if I hate
You will forever be my first love
Everyday missing you
Every night I so cry
Today again I draw you with my tears
T-ARA FIRST LOVE

A night that is cold as ice
It's just like my changed heart
The lonesome blue moonlight
Like it draws you, like it calls you, it's just like my heart
(Woah~) Why did you smile at me so innocently
(Woah~) Why do I keep thinking about you and cry

My love that I can't forget even if I hate
You will forever be my first love
Everyday missing you
Every night I so cry
Today again I wait for you

That nonsense called love is a short promise
I go into the dark tunnel that lengthens time
I'm not miserable, I'm not sad, if it means you will come
The longer I hold you, I won't let go of you
Like a poison from the thorn that keeps stabbing me
Love is a scar to me
Love is a pathetic thing to me
(Woah~) You who's smiling at a different love
(Woah~) Sometimes I hurt as I think of you
My love that I can't forget even if I hate
You will forever be my first love
Everyday missing you
Every night I so cry
Today again I wait for you

The dream of that one night where love was sweet
I want to sleep forever my love
I don't want to wake up from the dream of you
I don't want to leave your hugs
I only wanted one thing from the love you gave me
Even if someone said something to me, my only love was you
You loved me as well
We were so happy
You left like the wind so come back like the wind
My love that I can't forget even if I hate
You will forever be my first love
Please hug me again,
Please love me again
Once again, I wait for you
