And all I ever had was a Glock 23 and an extra mag  
Presidential weed and a extra bag

Couldn't listen to niggas they said I dream too much  
Heart fucked up, guess I sing too much  
Numb to it now, bring a gun to it now  
When this shit pop I'ma run to it now  
Niggas talk loud but they dumb to announce  
Read he got away so he tryna play it down  
When they kick down your door and they run through your house  
Cuffs on your wrists and they cussin' you out  
It'll make sense then, telling you that they got your prints then  
What's the reward for your risk then?  
Niggas game goofy, this just in  
Time after time, know we need a light nigga blind lead the blind  
Why do we ride? Grind to provide nigga not just to shine  
Blood in my eyes, stress on my mind let a fly nigga fly  
9 on my side, God I'm your child but times are so wild  
Playing with me? I'ma draw down and I'ma show out  
If it gotta go down, I'm prepared to go now cause
