What it is the king back in the building  
Still stacking and building  
Still rappin to children  
Jeopardizing ya deals, ballin buyin ya wheels  
Like it's back when we was lil and it's still time to kill  
Quick displayin ya skills  
Way underpayin ya bills  
Spend a day in the field  
So how you sayin you real  
Niggaz could never live how I live, you ain't deserving  
My lifestyle's urban, never met me in person  
Just my bread suburban, in a red suburban  
On 24's, 20 hoes givin head, I'm swerving  
Fuck boys piss they pants, scared and nervous  
I'm shell-shocked, black out like I been in the service  
Clean cut and reserved, but I tote George Garvin  
The closest thang you hoes seen to picture perfect  
Your rose gold king, my ring tight as a virgin cop  
Your dream I stopped fo I seen the top, nigga

Five, Four, Three, Two, (what!), One

I treat the beats like the streets  
On em I do what I want to  
I ain't gotta confront you, I'll kill you if I want to  
Roam amongst monsters, kill homes and front you  
That lil nigga swearin he bad, eat him for lunch too  
Fuck you niggaz, Dominique slam dunk you niggaz  
Sucker punch aan one of you niggaz  
I was being nice at first now I'm runnin thru niggaz  
Whole crews, not just one or two niggaz  
Cuz you aint representin the south, you just embarassin  
See you on tv in New York, them niggaz laugh at us  
The reason why D.J.'s didn't have a clue I was fabulous  
Now a days, not playin my records well, hell it's hazardous  
All this cussin, fussin, loud discussion's out of my character  
Bustin these niggaz melons and threatnin all of they managers  
P.\$.C. is Atlanta, so how you playin and handlin  
Gorillaz wit bananaz, without playin and banishing  
King of the south, it was said once then  
Took a while to comprehend, now it all sunk in  
On the low, deal a mil, I ain't done, come again

Room dead, scene fled, fo the fedz runnin in pimp

Shinin lights on niggaz who got they skirts on tight wit mascara on  
All I have ever known, is 28 in the zone  
Give me a day and its gon, a brick of yay and it's on  
You have never known, me to run less I'm gunnin at niggaz domes  
And runnin em out the own territory  
Every story got a flip side to it, and ya disc ain't shit less the click ride to it  
And I'm gon show you how the Westside do it  
In the A, not Cali, Bankhead, Simpson Valley  
Every crack in every alley, sellin crack to every Tom, Dick, and Harry  
Every Kim, Sue, and Sally, till I tally up  
A big enough knot to buy me a yacht  
So then my pistols and my patnaz really all that I got  
I'm not, playin at all, I'm sprayin em all  
Still drop em down to size if they say that I'm small man  
Pussy cats can't worry ya dawg  
Throwin stones at the throne, I'm a bury ya all man  
Know ya faggot niggaz hate that I'm ballin  
Makin 30k a day and blow it all at the mall and man I  
Can't relate to what you rap on stage  
Nigga cuz I been sellin yay since I was bow wow's age nigga  
Hear my daddy and cousin talking to me from the grave  
And all they sayin is young nigga get paid
