T.I.

Ey, You niggas ain't raw  
I don't buy none of that bullshit you tellin' me  
King you'll never be  
I can see you niggas ain't raw  
Hell no, give a damn who you go and get  
Real niggas know it  
We can notice that you niggas ain't raw  
Even though that you suppose to be down wit so and so  
You still the same lame from a year ago  
I know you ain't raw  
You ain't graduated with the gladiators  
You're just practice for the young assassigators  
Ey, you know you ain't raw

Fuck The shit you tellin' them, I know he ain't shell is up  
He ain't now competitor, That shit there ain't scarin' us  
You bought yourself a slaughter, And a coffins what you headed for  
You didn't wanna die, well nigga what'd you pull a weapon for?  
Jackin', we the niggas all y'all ho bitches checkin' for  
And ain't nobody real niggas would rather hear instead of us  
You don't know how to shine it up, bein' that I sell it up  
Lot of niggas do it, don't nobody do as well as us  
Hater wanna fuck wit us, let him get to vestin' up  
Hit 'em wit the chopper, chest and up, bet I wet ya up  
Let ya partner get ya up, ain't nobody catchin' up  
But this some shit I'm down to receive a lethal injection for  
King of the whole thing, fuck whoever stepping up  
Give a damn who is behind em, or care about who catchin' up  
Long as I'm alive, the second best you'll have to settle for  
Come on now, you really think you better bro?

I got both friends blowin', on a boat just goin'  
This bitch, his bitch, and yo bitch blowin'  
Young pimpin' get dough in, like his last name Cohen  
My fan base spread, and the shit kept growin'  
Now I got me getting head in the vessel of the G4 again  
Hook a hustle up wit investors and there he go again  
20 million later and I'm guessin' it's finally soakin' in  
At best you just a hater who mad at me 'cause he broke again  
Sellin' all ya jewelry, considerin' sellin' dope again  
'Cause he who's ballin' outta control is suppose to be focusin'  
Wanna be the king by default, they hopin' for openings  
Pray they see the day they hear me say I'll never flow again

But oh contraire I guarantee in one year  
After another they'll suffer as long as I'm here  
Fear no man alive, I don't care  
You don't run shit nigga, be clear...
