

What'd you expect constant and graceful  
I am so grateful for my problems  
Got a plate so I just leave them at the table  
Imma ordinary dude, extra ordinary circumstance  
I'll take my chances

OH MY B-O  
Doubles D on her chest  
She knows the peepshow is in my room throw of people  
I think these people have learned how to accept me, except me.  
Damn that's cold blooded, how could I even reject me?

Things have gotten closer to the sun  
And I've done things in small doses  
So don't think that I'm pushing you away  
When you're the one that I've kept closest  
Hi-i-i-gh so (3x)

This crystal is crisp and all but I cut back on my alcohol  
So pass the shit that'll knock me out  
Crystalized see you walking out  
Crystal eyes, starin' blank  
I'm true to me, fuck what you think

Gone-gone for a second there  
Glad I'm back, I'd disappear (2x)  
Purple pills up in my kitchen wit no name on the prescription  
Whatchu' cookin' something different  
Showin' them the shit I get is damn  
Lose my train of thought  
Take more but it's all I got

Things have gotten closer to the sun  
And I've done things in small doses  
So don't think that I'm pushing you away  
When you're the one that I've kept closest  
Hi-i-i-gh so (3x)

Things have gotten closer to the sun  
And I've done things in small doses  
& don't think that I'm pushing you away  
You're the one that I've kept closet  
Hi-i-i-gh (3x)
