## Knockout

I L.O.V.E. T. Mills and Captain Midnite on the beat The Finders Keeper EP

And yo I'm doin it solo like Hans Unique over beats so you know I drop bombs Bitch look me up, tattoos in my palms So I'm gettin wetter than a fish in a pond But I play it safe, always wear a condom Lifestyles tend to break so I rock Magnums Yo I ain't from the bay but I make her go dumb She said Mills I ain't gonna stop til I make you cum

You can love me or you can hate me You can fuck me or you can date me Call me asshole or call me baby I don't really care it's all the same thing (2x)

I got a style so pure it'll leave your face numb High off my lines over snare and bass drums Hooked to my hooks you can't help but listen And everything's better with some kush in my system If life is a bitch then I got a trophy wife And I just wanna get some cut like a knife Hey girl what's up for tonight Cause I wanna see what it's like from the inside

You can love me or you can hate me You can fuck me or you can date me Call me asshole or call me baby I don't really care its all the same thing (2x)
