I'm feelin like Yeaah God Damn

This says ya' name all on it
Put ya name all on it

Now I said damn girl, give me some
I don't wanna stop till I make you cum
Been up in the club performing
Make me really wanna eat you up like yum yum

Wit ya name all on it
Put ya name all on it
Put ya name all on it
Put ya name all on it

I'm feelin real crisp
Swagg a new hundred in my snapback fit
And the watch on my wrist same color as piff
Hands up with ya cups we about to go in
Bottoms up it's goin down
Yeah these girls from outta town
It ain't nothing but some money
Pick these ones up off the ground

So I'm going in lets run it
Tell me all how she want it
See me chill, now she flaunt it
Got my scrilla out (she love it)

Drinks in the air like I dont give a fuck
Everybody's sippin the goose they on zoom
Now I'm gonna beam her heavy like vroom

Girl say the room's spinin' right now
Told ya 3 shots ago to slow down
Nights in my house and nights on the town
Make a movie we can do it

How we doin right now, baby
How ya wanna do it, shots on me
Make sure ya don't spill a drop on me
Valet, pull it in the lot for me
This shit's on me, this is all free
I do it love stunning, keep the drinks coming
You do it just how I like it, I think I love it
Everything lovely, got no budgets
