

What A Ride My Lord

!T.O.O.H.!

Come along with me, little girl
Our ways happen to be the same
And your Mom and Dad
Oh yes I know them very well
Let's take a shortcut through the grove
We'll get there before too long

The little girl believes him blindly
and starts her way by his side
So joyful and so unaware
Of the true face of her guide

And suddenly - in the midway
The old guy grabs her throat
And mutters sleazily:
"You're such a sweet chick"

And in the meantime
From underneath his coat
A huge red cock
The old man commands
In a preacherman's voice:
"Now you suck it"
After his determined speech
Her knees weakly bend
Oldie quickly takes to action

And by a kick to sleep does her send
Then the old man kneels down
Pulls her skirt far up
And with that hard hard pecker
Invades her tiny pussy

His fists hit her body
Shit spread all around
Joyfully he sings aloud:
"What a ride, good lord!"
