

# Keep Going

T-Pain

Yeah  
Uh  
Keep going  
Yeah  
They get me up in the morning  
They give me reason to believe im here  
For somebody  
For someone  
They make me feel so joyous  
Happiness ain't a word describe, what I feel  
Like when I try to give it up  
Sick and tired of all this stuff  
They give me reason to  
Keep going  
And going  
When I feel that I should quit  
I keep going  
I never knew dis would happen  
And if you knew bout my past you would see  
Why  
Its a miracle  
But you can see why I'm happy  
Nobody wished dis for me  
This was prayer  
Where would I be with out them  
And when try to give it up  
Sick and tired of all this stuff  
When I feel like its enough  
I keep going  
They give me reason to keep going  
And going  
And going
